**Donations to the Scholarship Fund has been  
making a difference in young women's  
collegiate careers since 1928.**

This year as you fill out your membership dues check we hope you will include a little or a lot extra toward the scholarship fund! Individual donations are extremely important to continue to fund the scholarship program at the same level. Awarding the scholarships to our next generation of Panhellenic women is such a wonderful close to our busy year.

It is amazing to hear the things they hope to accomplish. We also like to recognize the success our current members and their achievements in their professions, in their families and in the St. Petersburg community.
